## THE CANDIDATES

### FOR PARLIAMENTARY HONORS

No Opposition Candidates in Three Constituencies—Four Ridings to Hear From

Results of nominations are almost all in. There are of course some constituencies which owing to their far sitting position are not likely to be heard from for some days. In Government circles it is considered that the Government has three seats sure at the present, inasmuch as so far as it is known no Conservative is running in Athabasca or Peace River and in St. Albert two Liberals only were nominated.

The Electoral Division from which no results have been received yet are Athabasca, Peace River, Rosebud, and Vermilion.

The candidates nominated in the divisions heard from are as follows:

Boiff-C. W. Fisher, Liberal; R. G. Brett, Conservative.  
Calgary—W. H. Cushing, Liberal; R. B. Bennett, Conservative; A. D. McDonald, Labor.  
Cardston—J. W. Woolf, Liberal; John B. Parrish, Conservative.  
Edmonton—C. W. Cross, Liberal; W. A. Griesbach, Conservative.  
Gleichen—Charles A. Stewart, Liberal; John W. Hayes, Conservative.  
Innisfail—John A. Simpson, Liberal; S. J. Curry, Conservative.  
Lacombe—W. R. Puffer, Liberal; Andrew Gilmour, Conservative.  
Leduc—R. C. Telford, Liberal; C. A. E. Simonds, Conservative.  
Lethbridge—L. G. DeVeiler, Liberal; W. C. Ives, Conservative.  
Macleod—M. McKenzie, Liberal; D. J. Grier, Conservative; D. J. Campbell, Independent.  
Medicine Hat—W. T. Finlay, Liberal; F. O. Sissons, Conservative.  
Pincher Creek—J. H. W. G. Kemmis, Liberal; J. P. Macleod, Conservative; Frank H. Sherman, Conservative; Charles Kettles, Conservative.  
Ponoka—John R. McLeod, Liberal; J. R. Jackson, Conservative.  
Red Deer—J. T. Moore, Liberal; L. Gatz, Conservative; A. D. McKenzie, Independent.  
St. Albert—H. W. McKenney, Liberal; Lucien Boudreau, Liberal; Strathcona—A. C. Rutherford, Liberal; Dr. F. W. Crang, Conservative.  
Wetaskiwin—A. S. Rosenroth, Liberal; Robert McLaughlin Angus, Conservative.  
Stony Plain—J. McPherson, Liberal; C. Weddenhamer, Conservative; D. Brock.  
Victoria—F. A. Walker, Liberal; J. W. Shera, Conservative; A. C. Wallace, Liberal; A. J. Robertson, Conservative; W. R. Thorn, Independent.  
Surgeon—J. R. Boyle, Liberal; F. Knight.

The Government starts the campaign with every assurance of a decisive victory. In three of the constituencies of the Province, Athabasca, Peace River and St. Albert, no Opposition candidates are running, while in every riding a strong supporter of the Government is in the field. This leaves only ten out of the remaining twenty-two seats to be held to secure the Government. The situation at the break would have been even worse for the discontents but for the strenuous efforts of the Provincial machine, at the last moment to get candidates in the field in every constituency. It is an open secret that the Conservative candidate in Wetaskiwin had concluded to give up the hopeless cause last week. In Strathcona no candidate was spoken of by the Conservatives until the evening before nomination. St. Albert, too, was practically conceded to the Government. To have allowed these seats to go by acclamation for the Government however, would have given the administration six seats to begin with—a feat which even the optimistic Conservative managers could not hope to regain. The Conservative Provincial organizer therefore came up the St. & E. on the day preceding nominations to rouse the fading hopes of his party. The Wetaskiwin man was persuaded to remain in the field and Dr. Crang, of Strathcona, was prevailed upon to oppose the Premier. On Tuesday Mr. Walsh went to St. Albert and used his most strenuous arguments to get a candidate in that field, but without success. As the situation stands, therefore, the Government requires only half the remaining seats to have a good working majority.

But the signs are multiplying daily that the victory will be far more decisive than this. While the election is still too far in advance to accurately the probabilities of the contest, the enthusiasm with which the Government supporters are everywhere working and the disaffection in the Opposition ranks can foretell but one result—a Liberal victory of splendid proportions throughout the Province.

The progress of the campaign has been all on the side of the Government. It has revealed in the first instance the absolute lack of policy of the Conservative party in this Province. In the early days of the campaign that party deliberately deserted the legitimate issues of the contest and sought to create an agitation on matters with which the Provincial Government had no concern. But promptly taken on their feet, no line of definite action to suggest, no policy to outline and to which they are willing to pledge themselves.

Not only have these assaults been met and their groundless nature revealed, but the progressive policy outlined in the Provincial Liberal platform and inaugurated by the Government has been kept continuously in the forefront. That this policy meets the approval of the electors is amply manifested by the reports from all parts of the Province. Contrasted with the policyless government of the Conservatives it is recognized as offering to Alberta the only hope of efficient and progressive government. For such government and only for such government will the people of Alberta stand.

To make such administration possible and to ensure its continuance the Government must have a substantial majority in the first Provincial Parliament. It is not enough that the balance of power incline to the Administration by the votes of one or two members; it must be secured to them by the consistent endorsement of a large majority of the members of that Parliament. It is therefore the duty of every friend of the honest, efficient and progressive management of public affairs to see that nothing is left undone to secure that support and to condemn in the most decisive manner possible the attempt to stampede the electors into reasonless hostility toward the Government and toward each other.

## The Campaign

Hon. C. W. Cross speaks at a meeting at Spruce Grove tonight.

A meeting in the interests of Mr. Knight was held in the Farming Lake school house last evening. The meeting was well attended. Hon. C. W. Cross was present and spoke on behalf of Mr. Boyle. The meeting broke up with rousing cheers for Mr. Boyle.

The Liberal rally held in the rooms of the Young Men's Liberal Club last night was lively and enthusiastic, and the hall was crowded. Geo. M. McLeod occupied the chair and stirring speeches were made by Messrs O. M. Higgs, Chas. Grant and Hon. C. W. Cross.

Dr. Clendenen, who has been campaigning in Sturgeon constituency in the interests of the candidature of John R. Boyle, returned to the city last night. The districts visited by him on the Landing trail were Waugh, Egge, and Athabasca Landing.

The doctor held a meeting at Athabasca Landing school house on Saturday night. The place was crowded and everybody enthusiastic for Boyle. An opportunity was given to hear speakers in the interests of Mr. Knight, but no one appeared to represent him. Dr. Clendenen is confident that the constituency will go strong Boyle. J. Wood a prospective candidate has dropped out of the fight, and a very large number of his supporters are supporting Mr. Boyle.

The doctor reports that the roads to Athabasca Landing are in a fine condition. Several small culverts and bridges are being built on the trail, and miles of holes are being filled in.

## FOUR BYE-ELECTIONS

TO BE HELD IN NOVEMBER

Three Ontario Constituencies and One Nova Scotia Riding will Vote Nov. 22nd.

Ottawa, Oct. 31.—Writs for bye-elections for the Dominion House for four constituencies were issued today. Nominations will take place on Nov. 15th, and elections Nov. 22nd. The constituencies in which the contests will come off are West Lacombe, Wentworth and North York in Ontario and Antigonish in N. S. Solicitor General Lemieux has not yet formally notified the speaker whether he will sit for Nicolet or Gaspé, and therefore the contest in that election in Quebec although it is generally understood Mr. Lemieux will stay with Nicolet. However, he is on the Atlantic and that cannot be settled until he returns home. There are no lists for North West constituencies and the two rural seats will not be filled until the Provincial elections are over, when the Provincial lists can be used for the Dominion contests.

## Y. M. C. A. ORGANIZED

W. M. Parsons, international secretary of the Y. M. C. A. who is in the city at present in connection with the organization of a branch of the Association here, held a meeting on Monday evening in Alberta College at which the following directors were appointed: Messrs. Turnbull, Pardee, Mayor McKenzie, Ewing, Gilbert, Ainslie, G. McLeod, Prof. Tidd, Dr. Smith, H. H. Taylor, H. C. Taylor. These directors held a meeting last evening at 5 o'clock at which Dr. Smith and H. H. Taylor were appointed a committee to approach the Young Men's Liberal club with the intention of renting, if possible, their room for temporary quarters of the Y. M. C. A. branch here, as it was thought that the club did not intend occupying the rooms after the elections. If the rooms are secured they will be immediately fitted up for Y. M. C. A. purposes. A subscription list was opened, and the names secured of seventy-five young men who have promised to pay \$5 a month on condition that rooms be opened and reading rooms furnished. The directors will hold another meeting in Alberta College on Friday evening, at which sub-committees will be appointed. A meeting of young men was held in McDougall church last night. The committee of young men appointed last week to secure subscriptions for a building fund, reported that they had received subscriptions to the amount of \$3250, and asked that they might increase the number of the committee as they wished to secure at least \$7500. The report was received with much satisfaction by those present, and several more young men appointed to the committee. The committee in full will have a meeting in a few days, when the city will be divided into districts and assigned to members for their special supervision in the work of securing subscriptions. It is expected that the association will be fully prepared to erect a handsome building in 1906, costing something like \$35,000.

Mr. Parsons' visit to the city, and the soul-stirring addresses delivered by him in the churches on Sunday, have aroused a greater interest in Y.M.C.A. work, and it is expected that the good work will go on with greater enthusiasm than it has done in the past. Mr. Parsons says that he does not know of any city in Canada that has a greater field for Y. M. C. A. work than has Edmonton. The majority of men are away from home, and in need of a place to spend their leisure, and the seat of the Y. M. C. A. has a home in the city, the better for Edmonton's growing population.

## CAUSE PROVINCIAL RIVALRY

## The Older Provinces of the Dominion

Beside the Federal Government  
for Equal Terms

The financial terms made by the Dominion Government with the Province of Alberta are eminently fair to the Province. We are justified in that belief by the fact that the other provinces, great and small, are already up in arms, claiming that the Provinces of the West have been to liberally treated, financially, when compared with the money settlements accorded them, and are in full cry after the Dominion Government clamoring for better terms. Manitoba is the latest to join in the movement, and Hon. Mr. Roblin, the Premier of the Province, in an address delivered at Winnipeg, on October 16, last, referred as follows to the better terms given by the Dominion in the settlement made with Alberta and Saskatchewan, when contrasted with what Manitoba had received:

"Why was this unfair discrimination? Why are the people of Manitoba not considered equally with the people of Alberta and Saskatchewan, so far as aid from the Dominion Government is concerned?"

And Mr. Roblin is not alone in his statements regarding the generous treatment which the West has received in the autonomy settlement. Hon. Geo. E. Foster, who, as Finance Minister in the Conservative party for years, was the right hand man of Sir John Macdonald, speaking in the House of Commons on March 15 last, took a very similar view to that which Hon. Mr. Roblin took the other day in Winnipeg. He said, speaking in reply to Hon. Mr. Fielding's financial proposal:

"His financial terms will bring upon him every province in the Dominion. Take it on any ground you like, and, by the proportions which you have meted out to the Northwest, you have come beyond the financial conditions of every other Province in this Dominion." Mr. Monk, the Conservative leader in Quebec, also joined in the refrain and, on March 23, spoke in Parliament as follows:

"As to us in the Province of Quebec, why, sir, we have twenty-five million acres of good land for settlers which we are trying to settle. Instead of devoting all our energies and all our monies and public resources to settle the lands in our own Province, under the terms of the Constitution, we are going to pay this enormous indemnity, these millions of dollars, to keep a hold on the lands of the Northwest."

But that is not all that can be said of the financial terms, in so far as the western Provinces are concerned, although certainly the opinions of the eminent and experienced Conservative leaders who have spoken should outweigh the opinion of the political novice who leads the party of Dissension in Alberta. There is another witness in favor of the financial terms, whose evidence even Mr. B. Bennett will not attempt to gainsay. In his letter, addressed to Sir Wilfrid Laurier by Mr. Haultain, at that time Premier of the Territories, and which appears in Hansard, page 2809, he says:

"But I am not unwilling to admit that an immediate income, increasing with population and certain in amount, may in the long run prove quite as satisfactory as any net income resulting from local administration of this public domain."

In the face of this overwhelming mass of evidence from the acknowledged ablest statesmen in the Conservative ranks today, how can Mr. Bennett muster up hardihood to come forward at this late hour with the plea that Alberta has not received fair treatment at the hands of the Dominion Government in the matter of the land settlement?

The amount which the Province receives and with which the local Government starts business, without one cent of indebtedness, whilst every other Province except Saskatchewan is heavily burdened—are as follows: Grant for civil government, \$50,000; per capita allowance, \$200,000; grant in lieu of lands, \$375,000; debt allowance, \$465,375. We receive a further appropriation of \$20,750 for five years—a total additional amount of \$1,060,750—to assist in erecting suitable public buildings in the Province.

In addition to the financial benefits above set forth, we have also some 5,000,000 acres of school lands, which the Dominion holds in trust for us, and from which we receive interest as the lands are disposed of. These lands are advantageously situated, comprising two sections in each township, and, as the years go by, and settlers continue to flock into the Province, are bound to increase largely in value, and will form a valuable asset to develop our educational interests in years to come. In a recent address to the Teachers' Association of North Alberta, Hon. A. C. Rutherford, Premier of Alberta, referred to the uniformly good opportunities that had existed in the

West during recent years for members of the teaching profession which, he said, were due, to a considerable extent to the aid which the schools had received from the Government. He was pleased to inform them, that, as Minister of Education, his best efforts would be devoted towards continuing the good work.

The Province of Alberta is in no immediate danger of suffering from lack of financial support at this early stage of her history. It also goes to show that when Mr. Bennett and his echoes (then the terms which we have received to Esau's "mess of pottage") they lose sight of the fact that whereas Esau's "mess" was only a temporary "hand out," Alberta's arrangement lasts for all time, and increases until we reach the sum of \$1,125,000 a year for land indemnity alone. They also lose sight of another fact, and that is that Jacob, satisfied with the transaction, and did not take exception to it on the ground that Esau was getting the best of the bargain. In the present case, however, all the older brothers of Alberta and Saskatchewan, big and little are up in arms and insisting that the youngest members of the Confederation family are receiving better treatment from the "head of the house" than the older members received.

All of which goes to show that there should be no kick coming from Alberta.

### DOES ALBERTA WANT RETROGRESSION

If the people of Alberta want to see their Province recede from the proud position which it now occupies and return to the evil conditions and dark days that were experienced previous to the advent of the Liberal party in 1896, they will vote for the heirs to the traditions and policy of the Conservative party who held sway in Canada previous to that year.

Mr. Richard B. Bennett and his followers are the political descendants of the men who misruled and nearly ruined the West in the years previous to 1896. They are the direct heirs of the party that cursed the West with two rebellions by their mismanagement, and imperilled the future of this country by their inability to properly comprehend the requirements of the people. The settlers of those days asked for bread and were given a stone; they asked to have their grievances redressed, and the answer was the tramp of armed men. And only after blood had been spilled and treasure wasted, was any attempt made to right the wrongs done to the people.

And there were men to say after the rebellion, that, although concessions should be made to the settlers who had been driven to revolt, the cost of the rebellion should be saddled upon the people of the West, and they placed between \$3,000,000 and \$4,000,000 on the debit side of the ledger, against this country which was not removed until the Liberals came into power.

Mr. Bennett did not refer to that portion of the history of this country when with "fashing eyes and unbridled tongue" he talked of "booming cannon" and "bulletins" to remedy a condition of things which existed only in his own fevered brain and vivid imagination, when, to paraphrase a Western poem of another day, he belittled the banner.

From trailing in the dust, And left, upon an autonomy, Addressed and abused and cussed, Oh, only the bold acts of history would have warned his fiery tongue, and stopped the flow of language.

But the people in this Western land know what has taken place during the past eight or nine years. They have seen prosperity and catastrophe instead of the stagnation and inertia that existed under the old regime. It will take more than a list of words to induce the people of the West to favor a change from the Liberal lion bushel record breaking year of 1905 to the starvation policy in the West that existed previous to 1896. This country has voted the conservative policy in the balance and found it wanting.

The Liberal policy means progress in every line and in every avenue of trade; a continuation and, if possible, an increase of the present prosperity; and a separation from all forms of strife in the great West. When "Low" Beauchamp, the celebrated temperance lecturer was touring Kansas some years ago, advising the suppression of distilleries, an interrupter shouted "What will we do with our corn?" The lecturer replied, "Raise more hops and less hell." The point of this story, in so far as Mr. Bennett is concerned, lies in the application; they are their supporters are never-

### MR. BENNETT AND LIBERALS

It has been and by some cynic on the line that the "only good Indian is a dead Indian." We are not going to discuss whether the gentleman who coined the expression was right or wrong, but we are free to confess that Mr. R. B. Bennett was endeavoring to bolster up his theories by quotations from deceased Liberals and those resigned from public life; and when he was apostrophizing the political memory of each and every one of them, we felt like saying to Mr. Bennett and others like him, "The only good Liberal is a dead Liberal, or one who has retired from public life."

With what pathetic expressions of confidence and tremor of voice does Mr. Bennett refer to the memory of such men as George Brown, Alexander Mackenzie, David Mills, and others who fought against the Conservative party in days of yore, the palpitating of his beating heart, the pained expression of his countenance and the sob in the broken accents taken a feeling of the loss that Canada has experienced in the passing of these

grand old Liberals that Mr. Bennett alone can fully express in language. Will Mr. Bennett kindly tell us of the treatment that these grand old Liberals received from the Bennetts of their day? He will not, and his hypocritical exhibition of sympathy in memory, and his endorsement of their utterances is of no value in the present discussion.

Mr. Bennett has no right to be masquerading with Liberal ideals. If he wants opinions from able men whose views suited him in days gone by, whose views suited him today, and whose views suit him today, and let him give his audience some extracts from the Manitoba Remedial Bill, from speeches of 1896 by Sir Charles Tupper, Sir Mackenzie Bowell, and Hon. George E. Foster. These are Mr. Bennett's leaders, the men who thought in 1896, and whose thoughts are Mr. Bennett's thoughts today.

### RUSSIAN STRIKERS

#### JOIN STUDENTS PROPAGANDA

Yesterday Revealed Unprecedented Scenes Scenes in Unfortunate St. Petersburg

St. Petersburg, Nov. 1.—The strike committee have decided to confine the strike joining with the students in their demand for the deposition of General Trepoff, for a general amnesty, the removal of the troops twenty miles out of the city and the creation of a national militia. Yesterday before noon the celebration began, and the city soon appeared to have gone mad. Such scenes had never before been witnessed in Russia. Unrestrained by word or deed the crowds said and did what they liked. Despoilism seemed to have been replaced by license, red flags are everywhere in evidence. In the churches, devout men and women on bearded knees before the image of St. Nicholas the miracle worker rendered thanks for the blessings of liberty while at the corners of the thronged streets orators harangued the population.

### CONFLICTING CHARGES

While the Minister of Public Works is being assailed in Calgary on the charge of constructing badly needed roads and bridges, the Strathcona Chronicle attempts an assault on the ground that this work in the Ledue district is being carried out by the extinct Territorial Government and not by the Provincial administration. The Chronicle says: A grant of a considerable amount of money for road purposes in the neighborhood of Ledue from the Territorial Government is now being expended on the line west of that village. This money is not and never was in the hands of the present government to distribute, and yet political capital is being made out of it. Those who have been led to believe that Mr. Telford has obtained the money for the benefit of that district through his influence with the Rutherford Government have been misinformed. The Alberta Government has not expended one cent on road building in that locality. Thus in Calgary, the Government is charged with constructing public works; and in Strathcona is charged with not constructing public works.

### WHAT THE C. P. R. WANTS

The C. P. R. wants the West, and the fullness thereof. It wants to hinder railway competition north of the forty-ninth parallel.

It wants its hired man, Richard B. Bennett, to become Premier of Alberta, so that there will be no opportunity for the province to co-operate with the Dominion Government to abrogate the C. P. R. exemptions which were fastened on the West in 1881 by the Conservative Government then in power.

It wants the people of the West to go to vote on Thursday, November 9th, that the investors in Great Britain will be seized with a panic in regard to the Grand Trunk Pacific enterprise, and refuse to place their money in the project.

It wants to tie the people of the West up in the same old knot that held them fast previous to 1896. It wants the West to "mark time" until it can get another strangle hold upon it.

### DISTRICT COUNCIL MEETS

Willowdale, Oct. 30. — A council meeting for District 27, T. 5, was held at Glory Hills school house, October 14th, present the chairman D. Musselman, and Councilors T. S. Wille and G. Steffler. The minutes of the previous meeting were read and adopted.

Moved that all taxes for the year 1905 must be paid by the first day of December 1905.—Carried.

## MACHINE CRY

The Winnipeg Telegram, the Calgary Herald and the lesser lights of the Political Strife party press are in a pother these days, as to the line of policy to pursue. They have dropped the school question, except in private canvases. Mr. Bennett's failure to answer Mr. Cross concerning his attitude in regard to the location of the capital has been accorded full value by the people, and his party press has dropped the subject, like the proverbial "hot potato." The hard question was put out of court, when Mr. Bennett discovered 100,000,000 acres of unoccupied agricultural country in Alberta that wasn't on the map or known in the surveyor's reports. The "bad bargain" that Mr. Bennett claimed was made with the Federal Government, was knocked to Smithereens when the older provinces with one accord began to claim that the infant provinces of the West were getting more and better nourishment from the parent than they had received or were now getting proportionately.

All along the line the "argument" that have been advanced by the Political Strife party have been knocked down as they have arisen, and so a new bogie has to be found. It has assumed the shape of the "Ottawa machine," and word has been passed around "to the Political Strife newspapers" to raise the cry, "The machine is in our midst."

The Telegram and Tribune of Winnipeg, and also the Globe, and other "big" cries for success were like the blessings of sleep when in terror of wolves. They specified no cases but bleated on general principles. Then the Calgary Herald took up the cry, and stated that the Dominion Land agent of Calgary had been sent to California so that a bad bold member of the alleged "machine" would take this place and do untold injury to the good town of Calgary during the elections. This pretty little story got its quietus when it became known that Mr. Sutherland, who has been in poor health for some time, to the great concern of his many friends had applied to the authorities at Ottawa, and asked for leave of absence, to endeavor to recuperate his health in California during the severe winter months. And the small fry of the party press have now taken up the cry and are shouting "machine machine" for want of something more effective.

If the Liberal papers were so incited they could with cause refer to specific cases where "machinists" of the Ottawa Political Strife party have invaded the West. The notorious Luckie Wilson, of Glenora, a disgruntled applicant for office at the hands of the Ottawa Government, has been trying to work the circle in Saskatchewan, by taking part in the contest and posing as a patriot of "purest" try sense. Mr. Cockshutt, of Brantford, endeavored to set the prairie on fire in and around High River. Other Political Strife members of the Dominion Parliament, such as Bland, of Bruce, Ames, of Montreal; Lafargue, of Prince Edward Island; Macdonald, of Perth; Rufus Pope, formerly member for Compton, and other stars of like magnitude have been in the West—in "our midst"—during the past few weeks, leaving out of the count altogether the "message" that was carried to Calgary some moons ago by that agitator within the party of agitation, "Bills" Maclean, the stormy petrel of Conservatism.

If the Liberal papers desired to cry "Machine" they have ample opportunity to do so, but they are not looking for sure cries. They know that the cause which they espouse tends to bolstering up with manufactured issues; they know that the questions which they advocate can stand alone. "Good wine needs no bush" and a good cause needs no "machine." If any attempt is made to stifle the voice of the people in the West by introducing Eastern "machinists" it will not be made by the Liberal party.

## THE SAME TACTICS IN SASKATCHEWAN

The Opposition in both provinces are adopting a weather cock policy to suit the locality in which they happen to be. The following is from the Regina Leader:

At a meeting at Poplar Lake, Alberta, J. R. Boyle Liberal candidate, created a sensation by producing a copy of a letter signed by F. Knight, the Conservative candidate, and witnessed by W. G. Hutchings, to the electors of La Biche District, in which Mr. Knight agreed that he would remain neutral on the school question, and another letter also signed by Mr. Knight and written to an elector of Horse Hills, in which he took a stand against the school system.

As has before been stated the Tories in Alberta are bolder than those in Saskatchewan and while no Saskatchewan Tory candidate may have yet sent out two letters putting in writing directly opposite opinions, they and their supporters are nevertheless expressing them in canvases. At a so-called Provincial Rights meeting held recently in Regina, Catholic electors were told that it was Mr. Haultain who had given them separate schools while at the same time other electors in the city are asked to condemn Laurier and Scott for forcing separate schools on Saskatchewan. Neither statement is correct but they both do duty in aid of the sacred cause of Provincial strife.

ALFRED WORTH NOMINATED  
Ottawa, Oct. 29.—The Liberals of North York have unanimously offered nomination to Hon. A. B. Alfredworth, who will accept. He will hold a meeting at Newmarket on Thursday next.

# A MOST UNSTATESMAN-LIKE THING TO DO

(House of Commons Debates—Hansard Report.)

Mr. R. L. BORDEN—My position is that if you apply to these Provinces the terms of the constitution as they are today, they will give the Provinces the absolute right to deal with their own educational affairs.

Mr. SIFTON—I am sorry that my hon. friend said that because I had thought from the resolution which he has placed before us that his position was the position which I stated and to my mind it would be a position that would be very much stronger. My hon. friend's amendment, I find as follows:

"Upon the establishment of a Province in the North-West Territories of Canada as proposed by Bill (No. 89), the Legislature of such Province subject to and in accordance with the provisions of the British North America Acts, 1867 to 1880, is entitled to and should enjoy full powers of Provincial self-government including power to exclusively make laws in relation to education."

If I understand my hon. friend aright, and I regret that his position is not as I stated it, he says that by the application of the British North America Act, ipso facto, the effect of it would be that the provinces would have unlimited power in regard to education. But my hon. friend can only give his opinion to that effect as a lawyer. Other lawyers do not think so. Other lawyers think the direct opposite. Other lawyers think that if you put section 89 of the British North America Act into effect the time when the province came in would be regarded as the 1st July, 1905, and that the condition of affairs which would be preserved by the British North America Act would be the condition of affairs as they exist on the 1st July 1905. I do not say which is correct. It is a difficult point to decide but surely we are not, when we are about to legislate upon this subject, going to allow the provinces to settle this question by a long course of litigation, turmoil and dispute. To show how difficult it is to have a positive opinion upon such a point I have heard men who are considered to be good lawyers, flout the idea, or the proposition of law which my hon. friend suggests and I have heard men who are pretty good lawyers, flout the opposite idea. In a question of that kind we, who are lawyers, all know it is absolutely impossible to tell how it will be held when it comes to be threshed out in the courts. To my mind for this Parliament sitting here in all its sovereign responsibility to give these Territories a constitution, to deliberately go to work and for the purpose of getting out of the responsibility to do one thing or the other, give that constitution in such terms that they will have to have a series of law suits for half a dozen years to have that question settled would be the most unstatesmanlike thing that we could do.

## NOT A CONSTRUCTIVE POLITICIAN

Mr. Richard B. Bennett is the temporary leader of the Conservative party in Alberta. He is powerful in language, but weak in constructive ability. He is a tearer down, not a builder up, of constitutional government. And, when asked to define his position on any of the questions which now face the Province, he invariably hides himself in a free distribution of verbiage, which, however pleasing it may be to the ear, certainly does not appeal to the intelligence of his audience.

Mr. Bennett has been asked repeatedly the question, "If your party were returned to power and you were elected to the Premiership of Alberta, would you undertake to change the present school system and wipe out separate schools?" Mr. Bennett has replied with a torrent of language, but up to the present he has given no specific answer on this point.

He is not a constructive politician. He is an opportunist. He is not a creator of legislation in the public interest, but a fault-finder of the constructive statesmanship of a wiser man. In Washington Irving's humorous "History of New York," his prototype is found. Peter Stuyvesant, the strong-headed old Dutch Governor, is annoyed because some of the warlike Benneetts of his day were in the habit of questioning the actions of the Government, and he at once made up his mind to put a stop to it. One of the most inveterate talkers and "kickers" is the town cobbler, and for him the Governor sends, and taking his big old-fashioned chronometer from his waist-coat pocket, and removing and separating the works, he hands the mixed up mass of material to the cobbler and says, "Replace the works in that chronometer, in proper order." The cobbler is flabbergasted, and hustles to stammer to the Governor, "I am a poor cobbler, and not acquainted with the works of a chronometer, and cannot replace the parts as they should be." Then, replies the Governor, "If you cannot replace the simple works in an ordinary chronometer, how dare you attempt to meddle with the intricate science of Government, of which you know absolutely nothing. Go home, and stick to your fastenings, or it will be the worse for you."
